

# Pupil Premium Strategy Statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## Part A: Pupil premium strategy plan

### Statement of intent

The intent of our pupil premium strategy is to prepare the children for the future, both in education and in life.

The ambitions for our school:

- **High aspirations permeate across the school**
- **The school offers a host of cultural experiences and enrichment opportunities**
- **Our pupils develop a love of life-long reading**
- **British Values are an intrinsic part of the school**

We use the strapline, “**Small Village, Big Horizons**” to articulate our vision for the school. This is because Lincolnshire is an isolated area-in terms of transport, culture and location. We want our curriculum to expand the experiences and ambitions for all of our pupils. We want our pupils to learn about local knowledge alongside national and global information.

We use pupil premium funding to ensure that our disadvantaged pupils receive the highest quality of education to enable them to become active, socially responsible citizens of the future. We recognise that disadvantaged children can face a wide range of barriers which may impact on their learning.

Our ultimate objectives for our pupil premium funding are to remove barriers to learning created by poverty, family circumstance and background and narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts both within school and nationally. This is achieved by ensuring disadvantaged pupils make or exceed nationally expected progressed rates and the attainment gap between disadvantaged and non-disadvantaged is diminished. We also want to ensure we use the pupil premium funding to support our children’s health and wellbeing and to ensure all disadvantaged children have access to enrichment opportunities and cultural capital. We will provide a holistic model of learning for our reception children at the start of this year through a Forest School.

The achievement and life opportunities for all children, regardless of circumstance, is a key tenet of the school and this is reflected in our vision statement below.

#### **On the Road to Emmaus – Luke 24: 13 – 35**

**Two travellers are transformed and enriched by sharing their journey with a guide. We view our work to be similar in making a difference to future lives. We travel together on our journey of transformation and commit our school to always being supportive, nurturing, and challenging.**

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Our pupil premium children in reception and year 1 are not making as rapid progress in their reading as non-pupil premium children and we want to improve the parental engagement in reading. We want to improve the progress in reading for all pupil premium children.
2	Narrow the gap in attainment in mathematics so that more pupil premium children achieve the exceeding standard.
3	Improve the progress in writing for pupil premium children.
4	Improve outcomes for disadvantaged SEND pupils.
5	We have an increased number of pupils with complex needs, including speech and language, poor working memory, attention difficulties, motor skills, social emotional and mental health.
6	Many of our pupil premium children do not have the rich and varied experiences as non-pupil premium children have resulting in a reduction in a knowledge of the world and cultural capital.
7.	2022 – 2023 Our attendance data over the current academic year indicates that attendance among disadvantaged pupils is 1.8% lower than non-disadvantaged pupils. A higher percentage of disadvantaged pupils are also persistently absent, and this is negatively impacting on disadvantaged pupils' progress.

### Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Progress in Reading	Achieve national average progress scores in EYFS, KS1 and KS2 Reading
Attainment in Mathematics	Attainment in mathematics at greater depth is in line with national average
Progress in Writing	Achieve national average progress scores in writing
Improve outcomes for disadvantaged SEND pupils	Ensuring good progress for SEND disadvantaged pupils across all year groups, all subjects, and all curriculum areas.

<p>To establish a Forest School for EYFS pupils as a holistic model of developing the learning needs of the whole child.</p> <p>The development of pupils' oracy and language skills on entry to the school.</p> <p>To improve the social, emotional, and mental health of disadvantaged pupils.</p>	<p><b>Confidence:</b> children have the freedom, time, and space to learn and demonstrate independence</p> <p><b>Social skills:</b> children gain increased awareness of the consequences of their actions on peers through team activities such as sharing tools and participating in play</p> <p><b>Communication:</b> language development is prompted by the children's sensory experiences</p> <p><b>Motivation:</b> the woodland fascinates the children, and they develop a keenness to participate and the ability to concentrate over longer periods of time</p> <p><b>Physical skills:</b> these improvements are characterised by the development of physical stamina and gross and fine motor skills</p> <p><b>Knowledge and understanding:</b> the children develop an interest in the natural surroundings and respect for the environment</p> <p><b>Emotions:</b> restorative practice helps the children self-regulate and improve behaviours</p>
<p>For pupil premium children to experience and enjoy the wide range of enrichment activities we have on offer</p>	<p>Pupil premium children have the same access to extra-curricular activities</p> <p>Subsidies in line with our charging policy will continue to apply to pupil premium families for all enrichment opportunities to include trips, visits, music lessons and residential</p>
<p>To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.</p>	<p>Improve attendance in 2022 – 2023 and sustained high attendance from 2023 – 2024 demonstrated by overall attendance rate for all pupils being no less than 96% and the attendance gap between disadvantaged pupil and their non-disadvantaged peers being reduced by 1.3%. and to reduce persistent absenteeism by 10% during 2022 – 2023 for all children, including disadvantaged.</p>

### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

To increase the support for pupils with social, emotional and behaviour problems so that this is not a barrier to learning	<p>Access to Behaviour Outreach Support Service (BOSS) for individual pupils and BOSS and sensory circuits training for staff.</p> <p>Some decrease in areas of behaviour although an improved consistency is required from all adults and to continue with expectations, using de-escalation, therapeutic language and for all staff to consistently apply the consequences within the Good Behaviour Policy.</p> <p>Although the attendance for the school, post-Covid, is higher than the national average, it is still a target area for the school and persistent absenteeism is our key focus. Our attendance data over the current academic year indicates that attendance among disadvantaged pupils is 1.8% lower than non-disadvantaged pupils. This is why persistent absenteeism will have a sharper degree of focus in 2022 – 2023.</p>

### Service pupil premium funding (optional)

*For schools that receive this funding, you may wish to provide the following information:*

Measure	Details
How did you spend your service pupil premium allocation last academic year?	We received £620 and this was pooled together with the total PP funding allocation
What was the impact of that spending on service pupil premium eligible pupils?	Both pupils in receipt of funding exceeded age related expectations in all areas.
